```
5   3   1   4   10  1
1   2   4   2   1   5
3   2   1   4   2   5
10  3   2   10  3   3
1   2   5   2   1   10
2   10  1   4   2   1
```

```
10  5   2   4   1   3
5   1   10  2   10  4
3   1   5   2   1   5
10  5   2   5   3   5
5   2   5   1   10  5
5   10  2   5   10  3
```

Making Squares

Players take turns drawing a line between two adjacent dots, horizontally or vertically. If a line completes a small square, that player gets the points inside the square, and add it to their running total. The highest total when there are no more squares to make, wins.

MATHS ADVENTURES

```
2   3   1   4   1   1
5   1   1   2   1   4
3   2   4   4   2   5
1   3   2   4   3   3
1   2   5   4   1   1
5   1   2   4   1   3
```
